

## List No. 8505/PSS FLAT PLATE DECORATIVE

6A Triple Pole Fan Isolator Plate Polished Stainless Steel Finish

- Metal Plate
- Polished Stainless Steel Finish

| Product Specification Data                  | Revision Date: 11/10/202 |
|---|--------------------------|
| Product Standard/s                          | BS 5733                  |
| CE Conformity                               | Yes                      |
| UKCA Conformity                             | Yes                      |
| Number of units                             | 1                        |
| Mounting direction                          | Vertical                 |
| Number of modules vertical (module system)  | 1                        |
| With mounting grid                          | No                       |
| Flush-mounted installation                  | Yes                      |
| Suitable for subfloor installation duct box | Yes                      |
| Suitable for built-in installation          | Yes                      |
| Material                                    | Metal                    |
| Material quality                            | Stainless steel          |
| Halogen free                                | Yes                      |
| Surface protection                          | Other                    |
| Surface finishing                           | Glossy                   |
| Colour                                      | Stainless steel          |
| Degree of protection (IP)                   | IP2X                     |
| Impact strength                             | IK02                     |
| Type of fastening                           | Screw mounting           |
| Width                                       | 86 mm                    |
| Height                                      | 86 mm                    |
| Depth                                       | 1.5 mm                   |

Although every effort has been made to ensure accuracy in the compilation of the technical detail within this datasheet, specifications and performance data are constantly changing. Latest details can be obtained from the Electrium website.
