## **SIEMENS**

## List No. 8GP1993-4DA10

Dual Lighting & Power Meter Kit for 250A DB MID

- Accessory for Alpha BSII Distribution Boards
- Includes 2 x digital meter, 2 x 3 current transformers, fuses, wiring looms in a pre-assembled solution.
- Add-on assembly suitable for mounting directly beneath 2 x 250A 'Type B' Distribution Boards.
- Pulsed output & Modbus RTU
- Provides separate lighting and power load readings. Total power load calculated by adding both section measurements together.

| Product Specification Data          | Revision Date: 12/10/2023                           |
|-------------------------------------|---|
| Type of meter                       | Electronic  |
| Nominal current (In)                | 250 A   |
| Max. current (Imax)                 | 5 A   |
| Nominal voltage (Un) N-L            | 187-264 V   |
| Nominal voltage (Un) L-L            | 323-456 V   |
| Frequency                           | 45-65 Hz  |
| Pole type                           | Three conductor                                     |
| Model                               | Measurement transformer                             |
| Measurement type load profile       | No  |
| Calibrated                          | Yes   |
| Approval                            | Measuring Instruments Directive                     |
| Pulse output                        | Electrical  |
| Type of indication                  | Digital   |
| Mounting method                     | DRA (DIN-rail adapter)                              |
| Width in number of modular spacings | 4   |
| Type of interface                   | RS-485  |
| Degree of protection (IP)           | IP40  |
| Product Standard/s                  | IEC 60664, IEC 61010-1, EN 60664, EN 61010-1, EN    |
|                                     | 62052-11, EN 50470-3, EN 62053-21, EN 62053-23, DIN |
|                                     | 43864, IEC 62053-31                                 |
| Frequency                           | 50 Hz   |
| CE Conformity                       | Yes   |
| UKCA Conformity                     | Yes   |
| Colour RAL                          | 7035  |

Although every effort has been made to ensure accuracy in the compilation of the technical detail within this datasheet, specifications and performance data are constantly changing. Latest details can be obtained from the Electrium website.
