

## List No. NHVM4MCW

### NH VM160

Meter Cableway - Size Four (9 Knock-outs)

- Accessory for NH VM160 Panel Boards
- 9 knock-outs for 96x96mm energy meter
- Removable hinged & lockable door

| Product Specification Data |                           | Revision Date: 15/10/2021 |
|----------------------------|---------------------------|---------------------------|
| Mounting method            | Surface mounted (plaster) |                           |
| Type of cover              | Door                      |                           |
| Transparent cover/door     | No                        |                           |
| Material housing           | Steel                     |                           |
| Height                     | 1591 mm                   |                           |
| Width                      | 249 mm                    |                           |
| Depth                      | 198 mm                    |                           |
| DIN-rail                   | No                        |                           |
| Colour                     | Grey                      |                           |
| RAL-number                 | 7035                      |                           |
| Degree of protection (IP)  | IP3X                      |                           |
| With lock                  | No                        |                           |
| Type of closure            | Other                     |                           |
| Product Standard/s         | BS EN 61439-3             |                           |
| CE Conformity              | Yes                       |                           |
| WEEE Symbol                | Yes                       |                           |
| UKCA Conformity            | Yes                       |                           |

Although every effort has been made to ensure accuracy in the compilation of the technical detail within this datasheet, specifications and performance data are constantly changing. Latest details can be obtained from the Electrium website.
