

- Dual Voltage
- 4W LED Lamp
- IP4X
- Pull Switch
- Compatible with electric shavers, toothbrushes, and similar appliances rated 50VA or less'

| Product Specification Data              |                                      | Revision Date: 06/07/2023 |
|-----------------------------------------|--------------------------------------|---------------------------|
| Product Standard/s                      | BS EN 61558-2-5                      |                           |
| Terminal Capacity L&N                   | 4 x 1.0, 3 x 1.5 mm <sup>2</sup>     |                           |
| Terminal Capacity E                     | 4 x 1.0, 3 x 1.5 mm <sup>2</sup>     |                           |
| Frequency                               | 50 Hz                                |                           |
| LRV Value                               | 80                                   |                           |
| Printing                                | Volex, 'Shavers only', Shaver Symbol |                           |
| CE Conformity                           | Yes                                  |                           |
| WEEE Symbol                             | Yes                                  |                           |
| UKCA Conformity                         | Yes                                  |                           |
| Assembly arrangement                    | Basic element                        |                           |
| Mounting method                         | Surface mounted (plaster)            |                           |
| Nominal voltage low value               | 115 V                                |                           |
| Nominal voltage high value              | 230 V                                |                           |
| Material                                | Plastic                              |                           |
| Material quality                        | Thermoplastic                        |                           |
| Halogen free                            | Yes                                  |                           |
| Surface protection                      | Other                                |                           |
| Surface finishing                       | Glossy                               |                           |
| Colour                                  | White                                |                           |
| Width of device                         | 492 mm                               |                           |
| Height of device                        | 59 mm                                |                           |
| Depth of device                         | 70 mm                                |                           |
| With built-in installation box          | No                                   |                           |
| Min. depth of built-in installation box | 47 mm                                |                           |

Although every effort has been made to ensure accuracy in the compilation of the technical detail within this datasheet, specifications and performance data are constantly changing. Latest details can be obtained from the Electrium website.
