## Setting the time

Turn the dial in direction of the arrow and set the time against
the 4 . E.G. 10.00 clock

Operating principle: Typ 1.B. S/R. T. IEC/EN 60730-1, IEC/EN 60730-2-7 Operation in a normal environment Montage: in distribution panel Degree of contamination: 2 Switch output, potential-free

## Setting the switching times

## Hand switch

Automatic

Disposal: Switch off the device before removing the battery.
